

2026 VX One Victorian Titles 28 & 29 March

Notice to Competitors # 1

Vakaros RaceSense Information and Pass.

To register competitor Vakaros units on the Vakaros Race Management system for the event the unit serial number is needed. Please send a photo of your Vakaros Atlas 2 QR code screen, which shows the unit serial number, to the Race Committee via the event WhatsApp group. A joining link to the group is available on the event webpage. Include your boat name, sail number and bow number (if you have one) in a message with the photo, please.

Please ensure that you have updated your Atlas 2 Firmware to the current version (29.1) prior to sending.

This information is required by 1700 on Thursday 26th of March (at the latest) so that all units can be registered on the Vakaros Race Management system prior to the event.

All competitors should ensure they have a current RaceSense Pass (either monthly or annual) valid for the duration of the event. This is required to be able to link your Atlas 2 unit to the Vakaros Race Management system during the event.

A Pass can be purchased through the Vakaros website:

<https://www.vakaros.com/pages/racesense>

Once you have purchased a pass, you will receive an email from Vakaros with a brief form to complete so they can activate the pass and link it to your device. The pass is not active until the form is completed.

If you have any issues with updating your unit or purchasing or activating a pass please contact Peter Robson on 0451 649 598.

Issued by: William (Bill) Potter, Race Officer

Issued on: 13 March 2026
