Update to Cadet State

Championships 2026 Sailing Instructions

All competitors are advised to the following additions to the SIs for the Cadet State Championships 2026

3.2 Oral changes to sailing instructions

Section 3.2 has been added so that if needed, changes to the sailing instructions may be given during the competitor briefing or on-water.

8.3 In the event a gate mark is missing

Section 8.3 has been added so that in the event of a missing gate mark, the remaining mark is to be left to port.

25.2 VHF channel 15 for race committee

Section 25.2 has been added for clarification around which VHF channel race committee will be using.

Rationale:

These additions have been made to provide further clarity for competitors and race officials on how certain situations will be handled during the regatta. The changes aim to ensure efficient race management, minimise delays on the water, and allow the event to proceed smoothly if unforeseen circumstances arise.
